

Citizens Advice Mid Mercia is a charity created to serve our local community of over 600,000 people across Derby City, South Derbyshire, East Staffordshire, Tamworth and surrounding areas.

We provide information, advice, support and training on a wide range of subjects such as debt, consumer services, energy, family, work, housing, health, digital skills and homelessness. Our Governing Body is a Board consisting of Trustees who provide independent judgement and oversight and are responsible for providing the strategic direction of our organisation.

Trustees play an essential role in ensuring that the charity runs smoothly and to make sure that:

- The services we offer are high quality
- Our clients' experiences are used to campaign for changes in policies or services locally and nationally
- Resources are secured to meet current and new demands and that all funds are used responsibly
- Recruitment and selection processes for staff and volunteers are fair, and we are representative of the local community
- Training and support are available for staff and volunteers
- Local partner organisations and funders are aware of the charity and its services
